PROJECTS

Portfolio Website ■ bisco12.pages.dev

[HTML] [CSS] [JavaScript]

- Built a responsive portfolio with mobile-first design and cross-browser compatibility.
- Integrated project showcase and contact section; deployed for fast global access.

DSA Solutions Repository

[C++] [Competitive Programming]

- Solved 200+ problems on LeetCode covering arrays, trees, graphs, and dynamic programming.
- Applied two-pointer, sliding window, and BFS/DFS patterns with optimised complexity.

Grade Management System

[C++] [OOP] [File Handling]

- Console-based system using encapsulation and inheritance with persistent file storage.
- Supports add, update, and retrieve operations with a modular and maintainable codebase.

ACHIEVEMENTS

- Maintaining CGPA of 8.7 / 10 in B.Tech CSE at GNIOT.
- Solved 200+ LeetCode problems with consistent daily DSA practice.
- Self-deployed a live web project demonstrating initiative beyond coursework.
- Completed self-paced learning in DSA and Web Development.
